

# 2019 Tudor Branch Swim Club Information

---

The Tudor Branch Board and Recreation Committee are excited continue to offer a 'swim club' to the residents living in and around Tudor Branch for the 2019 pool season.

The Swim Club offers daily swim practices with trained swim coaches and weekly competitive swim meets. Swim practices focus on teaching all types of strokes and improving technique. Participants are divided into age groups and training with those of a similar age and skill level.

The swim club functions much like the other neighborhoods around the area which have swim teams, with the exception that we will **NOT TRAVEL** and compete against other pools. The TB Swim Club is an "in-house" only swim club. All of our practices and meets are held right here at our neighborhood pool.

The kids will compete against those in their age group as well as their own previous swim times, allowing them to focus on 'personal best' swim times.

Keeping the swim club 'in house' allows us to keep our costs down by not having to pay regional swim association fees and does not require residents to travel to various neighborhoods and cities to compete in meets. The purpose of the swim club is to offer a fun and rewarding program which will improve the individual's swimming strength, offer great exercise and unify the neighborhood through meeting new friends!

**NOTE: The swim club is not to be mistaken for swim lessons. It is for children who can already swim and want to improve their swimming techniques and learn new strokes. Swimming lessons will be available for those children aged five (5) and under who cannot swim by themselves.**

Swim **practices** will be held **Monday through Thursday mornings from 8 - 10 am** (before the pool is used for regular swimming).

**Practices times are divided into age groups:**

Ages 5-8: 8:10-9:00 am

Ages 9 & up: 9:00-9:50 am

\*\*If we do not have enough participants for two groups, we will combine into one group and start practice at 9am.
